Chairman's Overview:

During the Financial year 2014-15 and the beginning of FY 2015-16 the Indian Industrial and market climate were subdued. Market sentiments, by and large was depressed affecting demand for various products. Infrastructure sector which gives major impetus to the economy has witnessed no major project initiative. Inventories were piled up in the Realty segments awaiting Policy changes from the new Government formed both at the center and few other states.

As we cater mainly to the Infrastructure and Realty segments, the slowdown in these sectors has impacted the business of the company severely. Added to this, change in our marketing policy of supplying against secured payments has also affected the sales of the company. As against the earlier practice of giving clean credit to our customers, we are now insisting Letter of credit or PDCs to secure supplies. As a result we have to loose several orders and at the same time we have secured ourselves against the credit risk of defaults by our customers.

Dips in the sales coupled with loss at the net levels have resulted in tight liquidity position which as a vicious circle in turn has affected the business further. Your Company's strong de-risking strategy pursued over the last one decade, has enabled your company to withstand the onslaught of several external factors and remain fundamentally strong with a strong foundation for improved earnings in the coming years.

Notwithstanding sluggish economic conditions, your company continued to pursue process improvement across at all levels of the organisation. This will not only improve operational efficiency but also enable us to gear up for the future competition. The initiatives taken up includes, optimization of raw material usage, internal and external wastage reduction, Energy Audit, minimum inventory levels, rationalization of headcount etc., The impact of these initiatives, even though remained subdued in the past year, should start translating into improved operational performance from the current financial year onwards.

With expected near normal monsoon and Government Investments in infrastructure, it is believed that 2015-16 can provide necessary impetus to the economy. The international community has started seeing India as a promising destination for business. If backed by policy reforms and 'ease of doing business' initiatives, this interest can turn into a major opportunity for industrial development.

Spurt in **e-commerce platforms** and steps like "**Digital India**", "**Smart Cities**" etc., is expected to bring economy in to growth trajectory. Your company will immensely benefit from **Smart city** as well as from the **Solar power generation projects** initiative of the Government. Requirement of processed Glass in these projects would be significant.

Being a leading company in glass processing industry, we envisage significant business potential in the ensuing years.

The brand '**Sejal Glass the Sixth element**' is the core asset of your Company. Continued investment in 'brand building' has enabled your Company to maintain or improve market share in most of the product categories across all geographies. '**Sejal Glass the sixth element**' continues to be recognized as the 'Super Brand' in the Processed Glass segment.

We are upbeat that with the Brand image, Product superiority, loyal Customer network, long standing relationship with established suppliers, improved operational efficiencies, efficient Human resources and trust reposed by stakeholders, Investors, Lenders and Governmental authorities will enable us to reposition and take the business of the company to the great heights in the current and following financial years.

Towards this we would like to thank you in advance and solicit your continued appreciation and support.

Amrut S. Gada
Chairman & Managing Director

2. Operational Review

The company registered a Net Turnover of Rs. 14.40 crores for the year ended 31st March 2015 as against Rs. 126.37 crores for the year ended 31st March 2014. Subdued market conditions in the Realty and Infrastructure sectors to which your company's products mainly cater to and severe working capital constraints have impacted the business of the company during the F.Y. 2014-15. At the operating level the company has reported profit of Rs. 1.85 crores before Interest, Depreciation, Taxation and Exceptional items during F.Y. 2014-15 against Rs. 8.32 crores in F.Y. 2013-14. During F.Y. 2014-15 various measures were initiated to improve operational efficiency and productivity.

Loss at the net level of Rs. 61.93 crores for the F.Y. 2014-15 was mainly on account of write-off of software cost and non recoverables Rs. 11.18 crores, Provision for contingencies of Rs. 16.50 crores and reversal of deferred tax asset of Rs 22.42 crores.

3. Management Discussion & Analysis

A. ECONOMY /INDUSTRY OVERVIEW

The macroeconomic environment continued to pose challenges in the Fiscal Year 2014-15, Though there has been a marginal growth in GDP, the consumer sentiment continued to be weak. Despite the rate of inflation being on the lower side, years of high inflation in the past have left continuing impact on disposable income and Final Private Consumption Expenditure. Every geography has been seeing ups and downs in short spells making it difficult to forecast and work on a stable marketing plan.

While certain macro factors like fiscal deficit, inflation, foreign investor interest etc., show improvement besides structural correction initiatives by the New Government, these are yet to have any impact on the consumer demand and employment generation. It is expected that if reforms like land acquisition, recodification of labour laws, GST, and initiatives like infrastructure development, power generation and development of smart cities are kick started, India can get back to growth rates in excess of 7% in the coming years. Your Company operates in the Glass processing segment with a wide range of product processes. The product processes consist of Toughened glass, Heat strengthened glass, Insulated glass, Laminated glass, Decorative glass and fire rated glass. The market for glass processing is shared amongst organized branded players and unorganized players. The market for organized brands is estimated at about 70% of the total market.

Company Overview:

The **Electronic commerce** or **e-Commerce** as is known today has evolved as businesses (end to end process) started to shift from real time market to digital market. A lot of businesses today take place on the internet, sitting in the comfort of one's own home. The Company has during the year under review had tied up with snapdeal for sale of its décor products. The Company has as a beginning started with selling of its glass mirrors on line through snapdeal, and the concept is slowly picking pace. The Company proposes to gradually add few more categories of retail home and office interior products for online sales in the near future.

B. GLASS INDUSTRY OVERVIEW

☒

➤ Global Overview And Demand

☒

- The global glass market has reached about 83 million tonnes in 2014 up from 60 million tonnes in 2011.
- The Global Flat Glass market is poised to grow at a CAGR of 7.3% over the period 2014-2019.
- The use of float glass is largely in the Building and Construction and Automotive sectors.
- Flat glass is also used in solar equipment such as solar thermal panels and photovoltaic modules.
- Flat glass finds application in interior fittings and decorations, furniture, and electronic equipment.
- Flat glass is classified into float, sheet, and rolled.

One key trend upcoming in this market is the demand for fabricated flat glass products for use in buildings and construction. Demand for fabricated flat glass products such as solar glass panels and electronic displays are on the rise.

➤ Indian Glass Industry

According to a recent study conducted by the Associated Chambers of Commerce and Industry of India (ASSOCHAM) the domestic glass industry is poised to grow to Rs. 340 billion by 2015, which will be triggered by the growth in the real estate sector, infrastructural development, retail sector, automotives sales and food & beverages sector. The current value of Indian glass industry is Rs. 225 billion.

Indian glass market is set to increase at a compound annual growth rate (CAGR) of 15 per cent over the next three years. The glass consumption growth is expected in construction (10-12 per cent), automotive (20 per cent), consumer goods (15-20 per cent) and pharmaceuticals (15-18 per cent) sectors.

The glass industry employs more than 40 lakh people. The organized sector accounts for 35 lakh and unorganized sector provides direct jobs to around 5-6 lakh people. A large number of man-power is involved indirectly in the sector, most of whom are unskilled workers.

About 75 per cent of the total glass industries are concentrated in U.P, Maharashtra, Gujarat, Karnataka and Andhra Pradesh. Gujarat employs the highest number of people in the glass industry followed by Uttar Pradesh, Maharashtra and Andhra Pradesh.

The glass packaging industry is facing tough competition from alternative medium. But with the key properties such as inertness, transparency and recyclability, glass will overcome the issues of fragility and bulkiness, which will satisfy the consumers.

The increasing prices of the raw material is the biggest challenge faced by Indian glass manufacturers. With some steps taken by the government towards control in the increasing prices of raw materials and regularizing the cullet collection system in India, would help the industry to counter the competition from other alternative uses for glass.

The per capita glass consumption in India is 1.2 kg, compared with 8-9 kg in developed countries and 30-35 kg in the US. Also, glass recycling is very high in developed countries at 70-80 per cent, whereas in India, only 40-45 per cent of the finished products come for recycling and the rest go for land filing. Recycling saves 10-20 per cent energy, 30 per cent air pollution and improves furnace efficiency by 20 per cent. The glass industry mainly consists of four segments-Container glasses, Specialty glass, Flat glass and Fiberglass. Container glass is the largest segment in the glass sector, catering to glass packaging for consumer goods and pharmaceutical industry. The specialty glass is used in technical applications such as electronics and engineering. Flat glass segment comprises of float glass and rolled glass, which are mostly used in architectural and automotive applications.

➤ **Glass Processing Industry**

The glass processing industry is highly fragmented in the country. It is clustered in six geographical locations that fall near the six industries or metro cities. The processing clusters are located in and around Delhi, Mumbai, Chennai, Hyderabad, Kolkata and Bangalore. Because of its fragmented nature, the glass processing industry in India is dominated by small players who put little effort to improve customer service, reducing costs, or systematically developing markets. The industry is also weighed down by the spiraling cost of manufacturing. Energy costs are increasing, as are those of raw materials and infrastructure.

The glass processing involves lending various properties to glass in order to enhance life and aesthetic appeal of the glass as well as to customize it for the intended use. The glass processing units are required to be located in proximity to the major float glass producing centers as well as the markets of consumption to minimize losses on account of breakages and logistics cost.

Processed Glass types

- Heat strengthened glass
- Fully toughened glass
- Insulated glass
- Noise insulating glass
- Laminated glass
- Decorative glass
- Fire resistant glass

Real estate: Driving growth

The growth of the float glass industry is dependent on construction and architecture activities. The construction sector is the largest consumer of float glass. Around 70% of the total production is used by the construction sector. Real estate sector use flat glass for windows, doors, partitions and a host of other applications.

It is expected that demand growth in this segment is going to be strong, as architects are increasingly seeking to bring natural environmental factors into the interior of buildings by maximizing natural daylight. This has been achieved through the use of larger glazed areas in façades and roofs, and through entirely glazed façades, where the glass is a structural component of the building.

Interestingly, use of value-added glass has gained popularity in commercial buildings in the recent years. However, residential buildings, which are a major source of demand for these glass types, are not using much of these products. This is one area that is going to drive growth in the country.

Automotive Sector: High Potential

In India auto industry is a growing industry with an expected turnover of US\$113 billion by 2020. The automobile sector is a big

user of flat glass. The consumption of glass in this sector is likely to see a growth of close to 20 per cent in the coming year as glass is being increasingly used on cars, and strongly contributes to their design.

C. HUMAN RESOURCES

The Company believes in the highest standards of people management and personal growth. I have also examined compliance with the applicable clauses to the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India are not in force during the audit period;
- (ii) The Listing Agreements entered into by the Company with BSE Limited and National Stock Exchange of India Limited;

During the period under review and as per the representations and clarifications made, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations.

- The name of Company was changed from Sezal Glass Limited to Sejal Glass Limited effective from 20th March 2014 however Company has not followed necessary process to give effect of such changes with Stock Exchanges(s) where the company's shares are listed.
- The Company had given loans and advances to certain companies in which directors are interested and thereby the provisions of the Companies Act, 2013 have not been complied with.
- The constitution of Nomination and remuneration Committee was not in accordance with clause 49(IV)(A) of listing agreement and Section 178 of Companies Act, 2013 as out of three committee members only two were non-executive and one was executive director during the year under review, however on 31st March, 2015 Board has re-constituted the said Committee which consist all the three members as non-executive independent directors.

If further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive, Non – Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice was given to all the directors at least seven days in advance to schedule the Board Meetings. Agenda and detailed notes on agenda were sent in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out with requisite majority.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period the company has:-

CERTIFICATE ON CORPORATE GOVERNANCE

To the Members of

SEJAL GLASS LIMITED

3rd Floor, 173/174, Sejal Encasa,
Opp., Bata Showroom, S.V Road,
Kandivali (West),
Mumbai-400067

We have examined the compliance of conditions of Corporate Governance by SEJAL GLASS LIMITED ('the Company'), for the Financial Year ended 31 March 2015, as stipulated in Clause 49 of the Listing Agreement(s) entered into with the Stock Exchanges in India.

We have conducted our examination on the basis of the relevant records and documents maintained or kept by the Company and furnished to us for the purpose of the review and the information and explanations given to us by the Company during the course of such review.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to a review of procedures and implementation thereof, adopted by the Company for ensuring the compliance with the conditions of Corporate Governance as stipulated in the said Clause 49. It is neither an audit nor an expression of opinion or affirmation on financial statements of the Company or the compliances under other Laws, for the time being, in force and as may be applicable to the Company.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the Directors and the Management, we certify that the Company has, in all material aspect, complied with the conditions of Corporate Governance as stipulated in Clause 49 of the abovementioned Listing Agreement subject to the following observation:

The constitution of Nomination and remuneration Committee was not in accordance with clause 49(IV)(A) of listing agreement as out of three committee members only two were non-executive and one was executive director during the year under review, however on 31st March, 2015 Board has re-constituted the said Committee which consist all the three members as non-executive independent directors.

We further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditors' Report

**TO THE MEMBERS OF,
SEJAL GLASS LIMITED**

Report on the Financial Statements

We have audited the accompanying financial statements of **SEJAL GLASS LIMITED**, ("the company"), which comprises the Balance Sheet as at 31st March 2015, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

Basis for Qualified Opinion

- *The Company has not obtained in many cases balance confirmations in respect of Trade Receivables, Trade Payables, Loans and Advances given and taken and Inter Corporate Deposits given and taken (excluding Group companies);*

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, and subject to note no. 26(8) to the financial statements, referred in Basis of Qualified Opinion, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India,

- a) In the case of the Balance Sheet, of the state of affairs of the Company as at 31st March 2015;
- b) In the case of the Statement of Profit and Loss, of the Loss for the year ended on that date; and
- c) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Emphasis of Matters

We draw attention to the following matters in the Notes to the financial statements:

- a) In the absence of convincing evidence assuring future taxable income, the company has not made provision for Deferred Tax Asset;
- Our opinion is not qualified in respect of the above matter.

Report on other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2015 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) *Except for the effects of matter described in the Basis for Qualified opinion paragraph*, In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of written representations received from the directors as on 31 March, 2015, taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2015, from being appointed as a director in terms of Section 164(2) of the Act.
- f) The Company has made provision for foreseeable losses, if any that may arise due to matters referred in qualified opinion.
- g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us,
 - i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer to 26(2) to the financial statements
 - ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any on long term contracts including derivative contracts.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure to the Independent Auditors' Report

The Annexure referred to in our Independent Auditors' Report to the members of the Company on the financial statements for the year ended 31 March 2015, we report that:

1. In respect of Fixed Assets:
 - a) The Company **has generally maintained proper records** showing full particulars including quantitative details and situation of its fixed assets. The fixed assets register needs to be updated to reconcile with the General Ledger.
 - b) As explained to us, the assets have been physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - c) During the year, the Company sold two floors of its Building which did not form substantial part of its fixed assets. This sale has not affected the going concern status of the Company.
2. In respect of Inventories:
 - a) As informed to us, the inventory has been physically verified by the Management during the year. In our opinion, the frequency of verification is reasonable.
 - b) In our opinion, the procedure of physical verification of inventories followed by the Management is reasonable and adequate in relation to the size of the Company and the nature of its business.
 - c) The Company has maintained proper records of inventory. No material discrepancies have been noticed on verification of inventories as compared to book records.
 - d) Proper procedure however should be in place to assess the non-moving and obsolete items in the inventory. The Inventory includes old and non moving items; a contingency provision for the same has been made in the books of account of the company.
3.
 - a) The company has granted unsecured loans to companies, firms and other parties covered in the register maintained under section 189 of the Companies Act, 2013. Interest charged on these loans is capitalised to the principal loan amount.
 - b) In the absence of specific stipulation as to the terms of repayment, the loans are repayable on demand. Accordingly, paragraph (iii)(b) of the Order is not applicable to the Company in respect of repayment of the principal amount.
4. In our opinion and according to the information and explanations given to us, the internal control procedures with regard to the purchase of inventory and sale of goods, collection from customers, inventory management, cash management, credit notes monitoring need to be strengthened, to be commensurate with the size of the Company and the nature of its business. In our opinion, measures should be taken to improve upon these weaknesses.
5. In our opinion, and according to the information and explanations given to us, the Company has not complied with the provisions of section 73 to 76 of the Companies Act, 2013 with regard to the Deposits accepted from public. According to the information and explanations given to us, no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal, on the Company. The Company has continuously defaulted in payment of interest.
 - The Balance in Fixed Deposit account is not reconciled.
 - The Company has also failed to repay matured fixed deposits amounting to Rs. 9.52 crores as at 31st March, 2015.
 - The requirement of keeping not less than 15% of the amount of deposits maturing during the financial year as well as in the following year in a scheduled bank in a separate bank account titled "Deposit Repayment Reserve Account" has not been complied with.
 - The Company has not filed the return of Deposits for the past three years including the year under audit.

6. According to the information and explanations given to us and to the best of our knowledge and belief, consequent upon notification of the Companies (Cost Accounting Records) Rules, 2011, the Central Government has prescribed audit of the cost records maintained by the Company under Section 148(1) of the Act for the products of the Company.
7. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has generally defaulted in timely payment of undisputed statutory dues including Provident Fund, Employees' State insurance income tax, sales tax, value added tax and Excise Duty, Cess, service tax, wealth tax and other material statutory dues as applicable to it. There have been delays in payment of following statutory liabilities. The outstanding balance in these accounts as at 31st March, 2015 is as follows:-

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2015

Note Particulars

1 Corporate information

The Company is engaged in the business of manufacturing value added Glass in various forms viz. Tempering, Designing, Insulating and Laminated Glass and also engaged in Retail & wholesale trading in a wide range of home interior products and Electronic goods.

2 Significant accounting policies

2.1 Basis of accounting and preparation of financial statements

The financial statements have been prepared in accordance with the Generally Accepted Accounting (GAAP) Principles in India under the historical cost convention on accrual basis, except for certain Tangible assets which are carried at revalued amounts. Pursuant to Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules 2014, till the standards of accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply. Consequently these financial statements have been prepared to comply in all the material aspects with the accounting standards notified under Section 211(3C) of the Companies Act, 2013. All the assets and liabilities are classified as current or non current as per criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalent, the Company has ascertained its operating cycle to be 12 months for the purpose of Current - Non Current classification of assets and liabilities"

2.2 Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

2.3 Inventories

Finished Goods are valued at lower of cost plus appropriate share of production overheads or net realisable value which ever is less. Raw materials and Consumable stores and stock of traded goods, are valued on first in first out (FIFO) basis at lower of cost or Net Realisable Value. Glass Cut Pieces are valued at average rate of raw material of respective thickness and quality.

2.4 Cash and cash equivalents (for purposes of Cash Flow Statement)

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

2.5 Cash flow statement

The Cash Flow Statement is prepared by the indirect method set out in Accounting Standard (AS-3) on Cash Flow Statements and presents the cash flows by operating, investing and financing activities of the Company.

2.6 Depreciation and amortisation

Depreciation on Tangible Fixed Assets has been provided on the straight-line method based on useful life as prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions and deletions to Fixed Assets is provided on pro-rata basis for the number of days the asset has been put to use. Intangibles are amortised over a period of 5 years.

2.7 Revenue recognition

Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers. Sales are net off Excise Duty, Sales tax and value added tax. Export Sales are accounted by converting the Foreign Currency amount at the rate of exchange fixed by the Customs Authority. On realization of export proceeds, the difference between rate at which the amount is realized and the amount booked is charged off / back to Statement of Profit and Loss as Loss / Gain due to exchange rate difference.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2015

2.8 Other income

Interest income is accounted on the basis of proportionate period of investment, considering the amount of investment and the rate of interest. Dividend income is accounted when the right to receive it is established. Liabilities no longer required are written back to income.

2.9 Tangible fixed assets

The Fixed assets are stated at cost, inclusive of inward freight, duties and taxes (Net off input credits claimed), installation and commissioning expenses, incidental expenses incurred for the assets to be gainfully put to use, less accumulated depreciation. Where the assets are installed and commissioned, but fail to deliver the required results to the satisfaction of the Company's management, the same are not capitalized and are carried forward to the next year as Capital WIP. Revenue expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial activity are treated as pre operative expenses to be charged off after the commencement of commercial activity.

The Company revalued its Land and Buildings as on 31st March, 2011. The revalued assets are carried at the revalued amounts less accumulated depreciation and impairment losses, if any. Increase in the net book value on such revaluation is credited to "Revaluation reserve account" except to the extent such increase is related to and not greater than a decrease arising from a revaluation / impairment that was previously recognised in the Statement of Profit and Loss, in which case such amount is credited to the Statement of Profit and Loss. Decrease in book value on revaluation is charged to the Statement of Profit and Loss except where such decrease relates to a previously recognised increase that was credited to the Revaluation reserve, in which case the decrease is charged to the Revaluation reserve to the extent the reserve has not been subsequently reversed / utilised. Whenever a revalued asset is sold or disposed off, the balance revaluation reserve pertaining to such asset is reversed and transferred to General Reserve.

Fixed assets retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately in the Balance Sheet.

Capital work-in-progress:

Projects undertaken by the Company where assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental and allocable expenses and attributable interest.

2.10 Intangible assets

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any.

2.11 Foreign currency transactions and translations

Initial recognition

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates applied by the customs authorities to the respective transactions.

Measurement of foreign currency monetary items at the Balance Sheet date

Foreign currency monetary items (other than derivative contracts) of the Company and its net investment in non-integral foreign operations outstanding at the Balance Sheet date are restated at the year end at the exchange rates prevailing on that date. Revenue and expenses are translated at the exchange rates prevailing during the year. Exchange differences arising out of these translations are charged to the Statement of Profit and Loss.

Treatment of exchange differences

Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

2.12 Government grants, subsidies and export incentives

Government grants and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants / subsidy will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2015

value of the assets. The grant is recognised as income over the life of a depreciable asset by way of a reduced depreciation charge.

2.13 Investments

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

2.14 Employee benefits

Employee benefits include provident fund, gratuity fund, compensated absences and medical expense reimbursements.

Defined contribution plans

The Company's contribution to Provident Fund and Gratuity Fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made.

Defined benefit plans

For defined benefit plans in the form of Gratuity and Compensated Absences, the cost of providing benefits is determined on the actuarial valuation basis. The actuarial valuation being carried out at each Balance Sheet date, Actuarial gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur. Past service cost is recognised to the extent that the benefits are already vested and otherwise is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Short-Term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under : (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and

(b) in case of non-accumulating compensated absences, when the absences occur.

Long-term employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of the defined benefit obligation as at the Balance Sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

2.15 Borrowing costs

Borrowing costs include interest, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

2.16 Segment reporting

The Company identifies primary segment based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2015

resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue / expenses / assets / liabilities".

2.17 Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date.

Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

2.18 Taxes on income

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company. Deferred tax is recognised on timing differences, being the differences between the taxable income and the accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax is measured using the tax rates and the tax laws enacted or substantially enacted as at the reporting date. Deferred tax liabilities are recognised for all timing differences. Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised only if there is virtual certainty that there will be sufficient future taxable income available to realise such assets. Deferred tax assets are recognised for timing differences of other items only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each Balance Sheet date for their realisability.

2.19 Impairment of assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

2.20 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent Assets are neither recognised nor disclosed in the financial statements.
