

Plans for 18 Krishi Vikas Kendras on expressway

Bhalchandra Chorghade
MUMBAI

The Maharashtra State Road Development Corporation (MSRDC) will develop 18 Krishi Vikas Kendras on Samruddhi Mahamarg.

These kendras will be located in Vidarbha and Marathwada. Plans for seven kendras have already been finalised. They will be modern townships with facilities for textiles, electronics, transport, pharmaceutical and other sectors.

"We are in the process of getting 5,000 acres through land pooling method. We have consent from 61% of farmers who have agreed to part with their lands for the project," the vice-chairman and managing director of MSRDC, Anilkumar Gaikwad, said.

The farmers will be given 30% developed plot in lieu of their lands while they will be paid Rs75,000 per acre per year for the next few years.

The kendras have been planned at Kelzar and Virul Nagzari in Wardha district, Mehkar and Sawargaonmal in Buldhana district, and Hadas Pimpalgaon, Ghaygaon Jambargaon and Vajapur in Chhatrapati Sambhajnagar district.

"The kendras will provide direct and indirect employment to more than five lakh people, thereby bringing prosperity along the areas, which will be connected through the expressway," Gaikwad added.

Meanwhile, the MSRDC plans to complete the pending work of the 701-kilometre expressway by the end of September. Once the 76km stretch between Igatpuri and Amane (Bhiwandi) is complete, the entire expressway will be ready for being operational.

MOSQUE KILLING | It cannot be said there is clinching material to show involvement of bail applicants in conspiracy, HC notes

Man, 2 sons get bail in Juhu builder's murder

FPJ News Service
MUMBAI

The Bombay High Court recently granted bail to a man, Khalil Peshkar, and his two sons, Vasim Khan and Nasim Khan, who were arrested for the murder of Juhu-based builder Munaf Shaikh in August 2020.

Shaikh was murdered allegedly due to business and personal rivalry pertaining to a slum area redevelopment.

The court noted that from the evidence produced by the

Munaf Shaikh was murdered allegedly due to business and personal rivalry

prosecution, "prima facie it cannot be said that there is clinching material to show the involvement of the bail applicants in the conspiracy to eliminate deceased Munaf".

Munaf was stabbed to death outside the Irla mosque on August 9, 2020. The police arrested builder Ashok

Chajaad, another developer, Abdul Rehman Abdul Latif Shaikh alias Sonu Azmi, and Nadim Shaikh, who allegedly carried out the attack, on charges of murder. The police later arrested Vasim, who allegedly revealed the involvement of his father and brother.

The prosecution claimed that the accused hatched a conspiracy to kill Munaf over business rivalry. Total six people were arrested. Of these, Sonu Azmi and the alleged main conspirator Chajaad were granted bail by

the high court earlier in 2022.

Justice Manish Pitale, on August 7, said that "there is lack of incriminating material to link the applicants with the conspiracy to eliminate deceased Munaf". Further, the HC noted that the prosecution has given a list of 112 witnesses, and there is no indication as to when the trial will begin. "...hence, completion of trial will not take place in the foreseeable future, therefore a case is made out for enlarging the applicants on bail," Justice Pitale said.

IMD is forced to revise forecast after lower-than-expected rains

Rucha Kanolkar
MUMBAI

The India Meteorological Department (IMD) on Monday said it would revise its forecast for August and September in light of the lower-than-expected rainfall in the past couple of weeks.

The IMD had previously predicted that August would experience heavier rainfall than July, but since the month's inception, only light showers have been observed.

"We initially forecasted above-normal rainfall for August and September combined, with September being the wettest month. We will be updating our forecasts accordingly," the director of IMD (Mumbai), Sunil Kamble, said. He said the department does not foresee "any conducive weather patterns that would induce significant rain-

fall over the next five days".

"In fact, most districts in Maharashtra are on a 'green warning', indicating that no precipitation is expected. For the next five days, we anticipate moderate and light rain showers. We anticipate a system developing over Kerala after August 18-19," he said.

According to the IMD Regional Met Centre, the

Santacruz observatory recorded a paltry 2mm of rainfall between Sunday and Monday morning, while Colaba received 3mm of precipitation. In contrast, the eastern suburbs received the most significant rainfall, with a total of 8.92 mm, followed by the island city division, which saw 7.21mm of rain, and the western suburbs, which

received 4.17mm of rain.

The monsoon season has been marked by an unusual pattern of rainfall this year, with the city recording 2,237mm of rain since June. June and July saw a significant amount of precipitation, with nearly 2,053mm falling during the months. The Santacruz station has recorded 184mm of rain so far this month, 30% of its average monthly total of 566.4 mm.

After experiencing a significant rain deficit of 35% in June, the city received above-average rainfall in July, with a surplus of nearly 50% compared to its monthly average. This unexpected surge in rainfall has had a positive impact on the city's water supply, with the total stock in the seven lakes catering to Mumbai's water demands reaching 92.55% of their total capacity on Monday morning.

Girder assembly for south side of Gokhale Bridge ready by Aug 23

Shefali Parab-Pandit
MUMBAI

The BMC has begun assembling girders for the south side of the Gopal Krishna Gokhale Bridge in Andheri. The work is anticipated to be over by August 23. Following completion, the civic authorities plan to request night blocks from the railways to facilitate the launching of the girders. The entire bridge is expected to be fully operational by March 31, 2025.

The steel components necessary for launching the southern arm arrived from the Ambala factory during the first week of August. The contractor has assured the civic authorities they will complete assembling of girders in the next two weeks. "The installation of the girder is expected to take 60 days. Following this, work on the approach road

will begin immediately and is projected to take five to six months to complete," a civic official said.

After the girder launching is complete, the civic body will undertake surfacing and concreting work. The contractor has been given a deadline to complete these tasks by November 14. Last month, the BMC had issued show-cause notices to both the civic executive engineer and the

contractor for failing to meet the contractor's self-imposed deadline of July 15 for material delivery. Additionally, a Rs3-crore penalty has been imposed on the contractor.

The contractor was fined due to delays in the girder launch and the completion of work, including the surfacing of the railway portion on the southern arm, which was postponed to November.

PUBLIC NOTICE

Under instructions from my client, I am investigating the title of **CAROLE YVONNE DAVIDS** in relation to Flat No. 3, admeasuring 584 square feet carpet area (equivalent to 99 sq meter built up) on the first floor of the building known as "New Punam", situated at 29-30 Pali Hill Road, Opp. Petit High School, Khar (West), Mumbai-400052 bearing C.T.S No. D-1111/26 of Village, Bandra (D) within the jurisdiction of Mumbai Suburban District, Mumbai and holding of Share Certificate No. 43 of New Punam Co-operative Housing Society Ltd. bearing distinctive nos.11 to 15 (both inclusive) (hereinafter referred to as the said shares) and related entitlements thereto in the aforesaid Society (the said flat, the said Shares and related entitlements are hereinafter are collectively referred to as "the said Premises")
